

KEEPING YOU MOVING AND MAKING

Think of Fasteners Direct Global (FDG) as a partner for your project. Offering knowledge, advice and supplying you the right product that is appropriate, safe and cost-effective for your specific application. Our aim is to give you peace of mind, letting you focus on the big picture, while we take care of the fastening and support solution details. Knowing the right product for the job is what we do best, so offering our valued customers technical & design support, proactive and helpful service is all part of who we are.

ABOUT US

Who

FDG is a NZ Owned, Family business incorporating 3 generations of the Brodie Family. With over 40 years experience our focus is on providing effective solutions not just selling products, which is why we have become the preferred supplier for some of New Zealand's most prestigious construction and engineering projects. We strive to keep businesses 'moving and making', bringing an energetic and proactive approach to every job, big or small. We aim to add value to your business through our trusted relationships with key suppliers, engineers and industry experts, so that FDG becomes your 'Go-To' supplier for Fixings and Support Solutions.

What

FDG stocks a large variety of Fasteners to meet all your specific applications. Our extensive range of Nuts, Bolts, Washers, Rivets, Anchors, Screws, Rivnuts, Threaded Rod, Tools and Consumables means you can have the confidence to get the right fastener and accessories for your job. FDG has the knowledge and experience to guide you and will take the time to understand your business, making sure that you have the best fastening for your purpose. Our promise to you is 'if we don't have it, we will find it or use our expertise to offer an alternative.

Why

As a key supplier to the building services trades we understand that time is money and it's often the little things can cost you. That's why FDG have tailored a unique product range that combines multiple suppliers into one bringing significant value to the industry. We customize solutions for our customers matching the right product and service to the specific requirements of the project. Our engineering but also practical experience in the field gives the confidence to bring us in at the planning stage, partnering with you to minimize risk and keep you moving and making.

THE FDG EXPERIENCE

Stock Replenishment System (SRS)

FDG's SRS System is designed to keep stock management and ordering as simple as possible.

With our system we are able to integrate with a wide range of systems and processes within your business to save you time and enhance efficiencies.

One major point of difference with FDG is our easy to use QR Code system. FDG's QR code scanner system allows you to transfer your order through your mobile device straight to your online cart. No hassle remembering stock codes or writing down order notes.

Order Anywhere, Anytime, with FDG's Online Trade Store

With FDG's Online Trade Store it couldn't be easier to choose your stock, organize payment and have it delivered to you, wherever you are.

Take advantage of our extensive ranges of fasteners, pipe & electrical support systems and trade consumables online, all with your applied customer pricing. If you are set up with the FDG SRS QR code ordering system, order and reorder is even easier by scanning a QR code of your desired products. Your personalised login allows you to request quotes, store favourites and view previous and current invoices, all from your favourite device.
